Dear Mr. Mazzei:

I want to thank you and your staff on behalf of the Houston Museum District Association for your station's promotional support of the sixth annual Museum District Day. KOVE-FM was essential to the success of the free day of museum exploration and specially planned activities. Despite the non-stop rain, families made more than 47,000 visits to the 15 participating museums. We hope your station employees had a great time too!

We look forward to working with you again on this annual free day in the Museum District. I will call you when we have a date set for the 2003 event.

Warm regards,

Memo To File  
Dave Burdette  
Director of Sales  
HBC-Houston

About 3 pm, 9-18-03, I was handed a fax from our sales assistant. The fax was a copy of a complaint filed with the FCC by Scott Worrall. After reading the fax, I spoke with our production manager. He had received the call earlier in the day and had already tracked the spots that were airing wrong to a client named Big Tex AC. He pulled the commercials off KLTN, KLAT, and KQBU, the only 3 stations that was airing the commercials. After confirming the commercials had been pulled, I called Scott to apologize for the airing the wrong phone number and to inform him we had pulled the commercials off the air. Scott was understandably frustrated by the circumstances and voiced his frustrations to me. He told me how he had called our Dallas station, then our investment relations department in Dallas, and then finally got our number here in Houston. The reason it was tough for him to find us was the listeners calling his number know us as Estereo Latino, not Hispanic Broadcasting or even KLTN. Scott doesn't speak Spanish and does not listen to any of our stations and didn't know what Estereo Latino is. He searched and came up with the Dallas Stations number, thus starting the delay in getting to us. The commercials started airing, Tuesday 9-16-03. We pulled them the day he called Houston, but they had already aired for two days prior. After listening to his explanation of events, I again apologized to him and offered to pay his cell phone bill, the incorrect number aired. He thanked me for calling him and pulling the commercials.

"Our goal is provide Hispanic voters with an opportunity to speak the candidates and interject their concerns and opinion into the political debate" says Hector de Leon, NALEO Educational Fund regional director. Hello everyone,

I wanted to give everyone an update as to where we are in conducting the Voces del Pueblo voter education program.

We are 29 days away from the Houston Municipal elections! Also, the deadline to register to vote was this past Monday, October 6th. With only 29 days left until election day we are transitioning the focus of our campaign from voter registration to early voting. Hector and I have submitted the Early vote PSA's to HBC and Univision, and the Houston Chronicle. All PSA's will start airing the week of the 13th. We are also going to be holding candidates townhalls on the radio and TV throughout the rest of the month.

Also, Rene Vasquez and I traveled to Houston a couple of weeks ago to set up the office for the field campaign. Hector started the field campaign this past Sunday and will continue the efforts through election day. He is spending a majority of time recruiting and confirming volunteers for the door canvassing and phone bank effort.

Lastly, we have cancelled the press event scheduled for October 16th. We decided to cancel the event in order to focus fully on the field campaign. Please adjust your calendars accordingly.

As always, please call if me if you have any questions.

Dear "Muñeco":

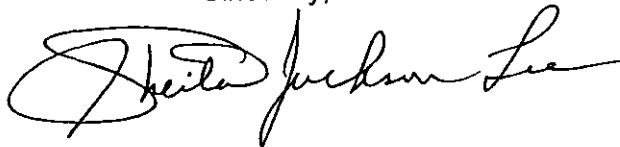

This letter is to thank you for your unending support and commitment that KRTX 980AM Radio has for the community. The "2<sup>nd</sup> Annual Knock Out Crime and Child Abuse" rally was a great success thanks to special individuals like yourself who take the time to promote and participate in such an event.

I look forward to working with you and the community in finding new ways to bring parents and children closer together. This is accomplished by having parents more involved with their children's lives, getting negative influences out of the lives of our children, and giving families the tools needed for these challenges.

The spirit of America can triumph through collaborative community efforts, and I am convinced it will prosper. In addition, we must build the energy, will and the fundamental goodness of our people to give all of our children the safe and wholesome childhood they richly deserve.

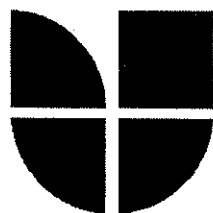

Again, on behalf of the Eighteenth Congressional District of Texas, I thank you and your staff for making the rally a great success.

Sincerely,

Sheila Jackson Lee

Dear Mr. Marini.

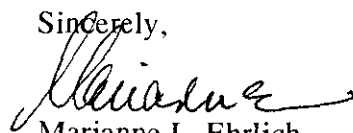

Thank you so much for joining us at our dinner honoring participants of our Padres para Siempre program. It was a wonderful pleasure to make your acquaintance, and we appreciated your making time for us in what I know is a very busy schedule.

Your comments to the group were very eloquent...even with my poor Spanish I was able to understand your message...that all children deserve to be valued and nurtured.

I certainly hope this will be a beginning for us to do some important things together in the Hispanic community. We look forward to supporting your own efforts, and if we can be of any assistance, I do hope you will call upon us.

In anticipation of other opportunities to strengthen the community together, I am

Sincerely,

Mr. Marcelo Marini  
KTMD-Telemundo  
3903 Stoney Brook  
Houston, Texas 77063

Dear Marcelo:

Thanks for helping us by putting our PSAs in the KTMD rotation. I thought that it would be a good idea to write you a short letter to give you a little more detail and say again how important this time is to us.

There are 30 WorkSource-Gulf Coast Careers offices all over the city of Houston, including one in Texas City and one in Galveston. These 30 offices are managed by various subcontractors-Houston Works, SER Jobs for Progress, Lockheed Martin, Interfaith of the Woodlands-but we all work for the common good of the community and that is to provide services that help individuals get jobs. I am employed by Interfaith of the Woodlands, which is a non-profit organization, and we manage 9 of those 30 offices, including the ones in Texas City and Galveston. Our funds are provided to us through Houston Galveston Area Council and over the last few years a majority of those funds have been directed toward assisting the economically disadvantaged and welfare recipients.

The specific grant that we are operating under is the Welfare to Work Grant which dictates that certain welfare recipients have time limits during which they can continue receiving benefits! They can no longer go on forever! The unique feature of the grant is that in order to access funds we are required to receive "in-kind" donations from organizations such as yours so that the corporate community is participating in the effort to assist welfare recipients with child-care, skills training and transportation. So KTMD is helping in two ways, getting the word out to the community about the services the WorkSource provides and most importantly to us, **provide us with the mechanism to access the funds set aside for training and childcare for welfare recipients.**

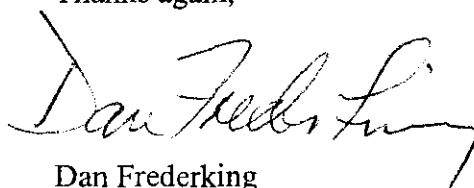

Tel: 713 953 9211

Fax: 713 978 7049

Our year ends in August. It would be an immense help to us if you could aggressively put the PSA in your rotation from now until the end of August. At that time we would hope that you could give us an accounting of the number of times that the PSA has aired and also a value for those services. **The "value" is the key to our accessing the funds set aside for us to use.** I think I should add that we are not concerned about when it airs, just that it airs!!!

I will be in other centers on Monday and Tuesday but I will be checking my messages, in the event that you need to talk to me. My cell phone number is 713-858-9282.

Thanks again,

Dear Mr. Flores,

Although I am certain you already realize it, I just wanted to take a second to let you know what a diligent and hard working staff you have working for you. Erica and Steven did a superb job covering our media preview Tuesday morning for the BP Power of Freedom 2001. They worked very hard in less than favorable conditions yet remained 100% professional and a real pleasure to work with.

Seeing all the hard work they put in, braving biting insects and muddy slopes, one of my associates commented to me how, next to them, we have the "easy" job.

The help of KTMD - Channel 48 was pivotal in attracting the large Hispanic turnout we received. The festival was a huge success and I feel you and your staff played an important role in that.

Once again, I thank you. BP thanks you. Houston thanks you.

I want to thank you for participating in the Houston Public Library's Reopening Celebration for the Carnegie Regional Branch Library. As the Master of Ceremonies you played an important role in the success of the program.

It is exciting to know that the renovations that were completed at the Carnegie Regional Library will enable the Library to provide new and expanded services to the community. The Carnegie Regional Library serves a population that is largely Hispanic and it is great to have an area television personality serve as a role model who promotes the value of libraries and reading to the youth in the community.

It is my sad duty to inform you that I have to return to Japan soon to take up another assignment with the Japanese Government. I would like to express my heartfelt thanks to you for your kindness, thoughtfulness and warm friendship extended to me and my family during our stay in Houston.

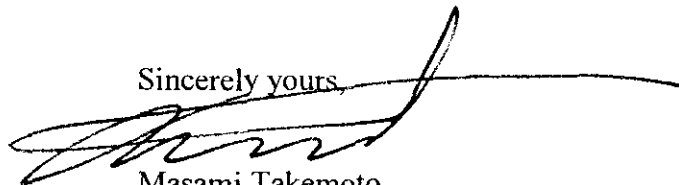

Since I assumed my duties as Consul-General of Japan for Texas and Oklahoma, time has passed very quickly. It seems like it was only yesterday that I got off the plane from Tokyo in Houston. This is because I have had many wonderful and enjoyable moments in this part of the United States, including a memorable election night in Austin on November 7, 2000.

It was my great pleasure to have met with many admirable people like you and you will be treasured long in my memory.

I was fortunate to witness the strengthening of the relationship between Japan and Texas and Japan and Oklahoma during my time here thanks to all of you. I believe that our already good relations will continue to be enhanced and our friendship will continue to deepen in the years to come.

Please accept my sincere appreciation, once again, and my best wishes for your continued success and happiness.

**U.S. Census Bureau**

OFFICE OF THE DIRECTOR

November 2000

Dear Census 2000 Partner:

I would like to thank you and your organization for your outstanding efforts in making Census 2000 a success!

In many ways, Census 2000 was unlike any previous census. There were new uses of technology, new and greatly expanded operations, more customized local and regional programs, and more encompassing outreach through an unprecedented Partnership Program. For Census 2000, the U.S. Census Bureau had the distinct pleasure and challenge of working with more than 140,000 partners—partners whose creative efforts were surpassed only by their commitment and dedication to their local community and constituents. Thanks to the hard work of all of our Census 2000 partners, we reversed the trend of declining participation witnessed in recent censuses, and increased the mail response rate over what we achieved in 1990.

The scope of this census was vast. At times the task seemed insurmountable and the challenge overwhelming, but with the help and dedication of governments, businesses, community, religious, and educational organizations, we are proud to have been a part of the "Good Census."

Again, I extend a heartfelt thanks to you and your organization for a job well done! Your role in Census 2000 had a significant impact on our successful data collection, which will in turn help your community and this country move confidently into the 21st Century.

Please accept the enclosed Certificate of Appreciation for your service and cooperation as a token of the Census Bureau's recognition that we could not have done this without you.

Thank you America!

Sincerely,
